

TRANSPark : the ultimate one stop-shop for all trucking operations

TRANSPark offers:

- search functions to locate, select and contact some 3000 truck parking areas from Kazakhstan to Portugal
- route planner with parking areas
- fuel prices in 40 countries
- border waiting times
- flash information on traffic restrictions, road works and blockades
- security guidelines and checklists
- weather conditions at local, national and regional level
- currency converter
- legal advice and support

All available free of charge, also in PDA format!

TRANSPark is your solution to plan an itinerary that best meets your needs.
It's free of charge... and only **one click away**.

Truck Drivers, Transport Operators, Parking Area Managers

- Faced with stringent social legislation that sometimes forces truck drivers to stop in unsecure areas and risk being targeted, together with their vehicle and cargo, by organised crime?
- Confronted with the sector's low-profitability, worsened by the current economic crisis, where time is money and every penny counts?
- Dealing with fierce competition where only the best service provider will survive?

TRANSPark is your homepage!

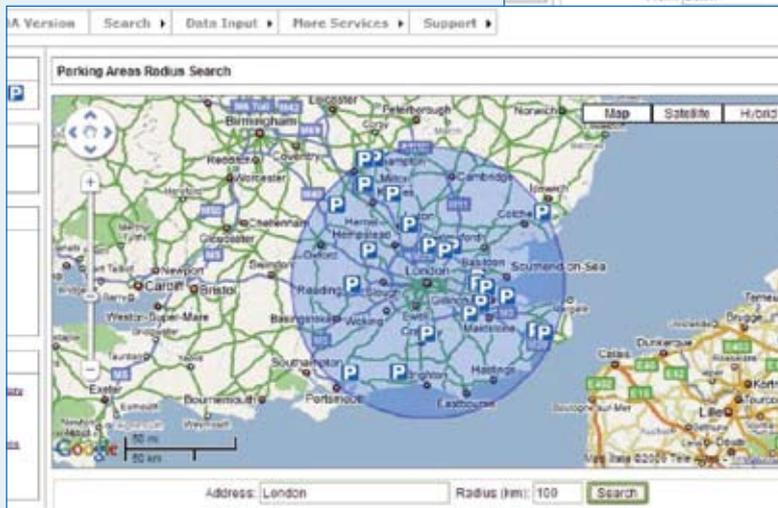

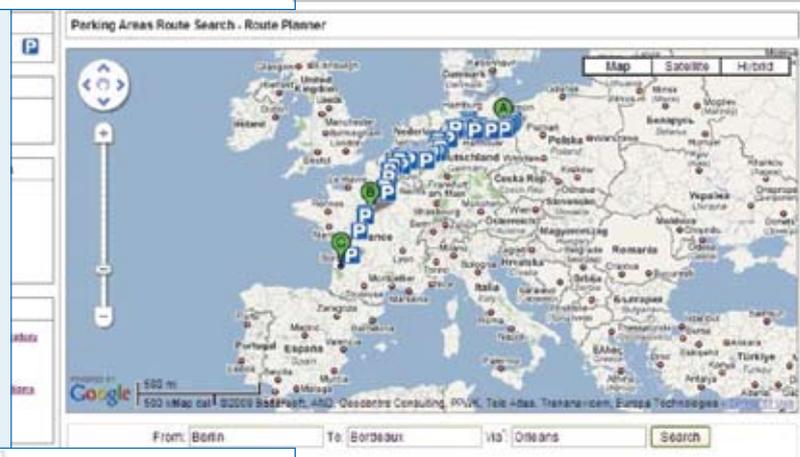

Accessible through:

www.iru.org

www.internationaltransportforum.org

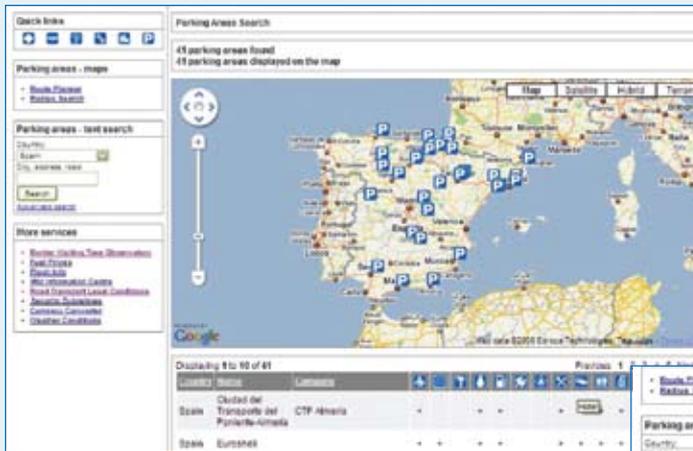

Route Planner with parking areas

Plan your route and select truck parking available along your itinerary!

Radius Search

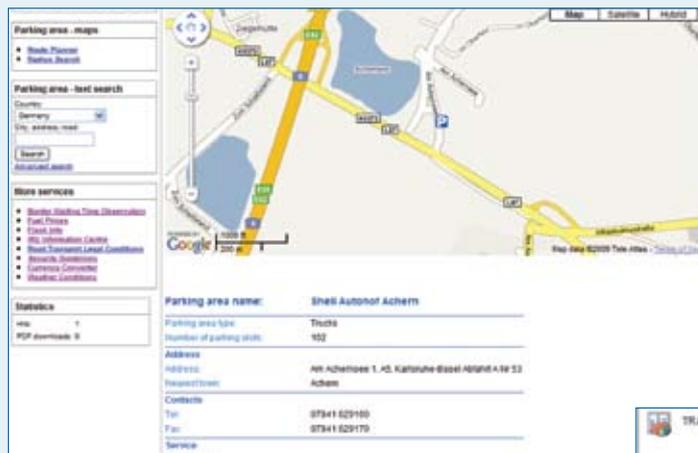

Find parking areas within a 0-100km radius around a given geographic point!

Country and Address Search
Find truck parking areas by country!

Parking facilities

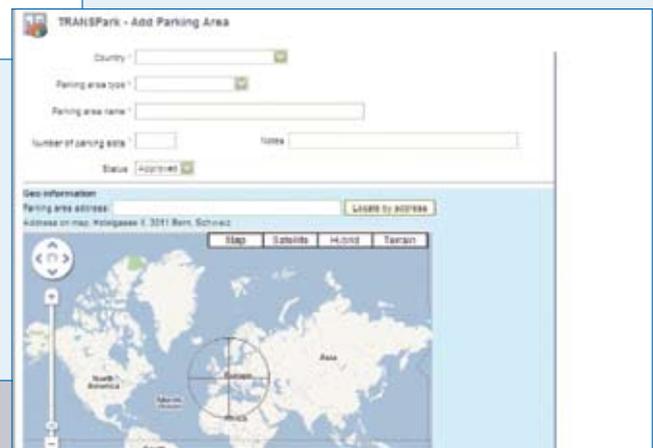

Advanced search allows you to select parking areas by various features, such as 24/24 guard, fences, flood-lighting, video, truck repair, vehicle wash, dangerous goods facilities, hotel, restaurant, etc.

Contact details and facilities available
See the contact details of the selected parking area along with the list of all available facilities on screen in PDF format!

Add or Edit your Parking Area

Edit TRANSPark database information on parking areas and/or add a new one! Entries are verified by national authorities and road transport associations to ensure accuracy.

You can also display TRANSPark on your cell phone!
